

DIGITAL BADGE IN FOUNDATIONS OF WEB DEVELOPMENT

Program contact: Kiku Jones (kiku.jones@qu.edu) 203-582-5040

This badge is designed in response to the growing demand from companies for web developers and digital designers. Employers are looking for employees with demonstrated skill in various areas of web development. This badge addresses both the client and the server side of web development in addition to analytics.

The two CIS courses in the badge program can be applied to the BS in Computer Information Systems. The one BAN course in the badge program can be applied to the BS in BAN program.

Code	Title	Credits
