

GLOBAL SUPPLY CHAIN CERTIFICATE

Program Contact: Robert Engle (Robert.Engle@qu.edu) 203-582-3610

Facing a growing demand for trained global supply chain personnel in virtually all industries today, this career-directed program is designed in response to the growing needs of companies moving toward global sourcing of their raw materials and components, as well as, exporting of their products to foreign markets. This State of Connecticut-approved certificate addresses a range of knowledge and skills necessary for a strong foundation in global supply chain activities.

The five courses of the certificate program can be applied to the BS in International Business.
