Offered:

Prerequisites:

This course surveys marketing from the decision-making point of view, with emphasis on the conceptual and analytical components of the subject, and a synthesis of new marketing concepts with economics, behavioral sciences and mathematics.

Prerequisites: None

Offered: Every year, All

MK 210. Consumer Behavior and Marketing Communications. 3 Credits.
Consumers play a central role in determining the fate of the firm’s marketing efforts. This course draws on theories from psychology, sociology, anthropology and economics to understand consumption behaviors of individuals and groups. Current models of consumer behavior are surveyed, and students consider the strategic implications of marketing communications.

Prerequisites: Take MK 201.

Offered: Every year, Fall and Spring

MK 212. Consumer Behavior in Travel and Tourism. 3 Credits.
This course considers consumer behavior in the context of travel and tourism. Students explore consumer theories associated with travel and perform exploratory research on global travel consumers. Students investigate sustainable travel initiatives and reflect on their own "inner tourist" through the lens of adventure travel.

Prerequisites: None

Offered: As needed

MK 300. Special Topics in Marketing. 3 Credits.
This course explores emerging issues in marketing. Topics vary depending on student interests and changes in the marketplace. Prerequisites vary by section. The course may be repeated for credit as course topics change.

Prerequisites: None

Offered: As needed

MK 301. Internet Marketing. 3 Credits.
This course explores the rapidly evolving world of Internet marketing and examines the strategies and tactics that firms can use to utilize the Internet as an effective marketing tool. Students discuss search engine marketing, social media tools, web site design and Internet advertising. The course also examines the role of the Internet as a channel of distribution

Prerequisites: Take MK 201.

Offered: As needed

MK 315. Media Planning. 3 Credits.
This course considers strategic media planning and its role in advertising and marketing. Emphasis is on the strategic and creative selection, scheduling and evaluation of traditional and non-traditional media vehicles to effectively and efficiently deliver advertising messages to target audiences. Students examine the relative strengths of various media and scheduling options for advertising both goods and services, and learn tools and techniques used to analyze media opportunities (e.g., computerized allocation software and/or other modeling techniques). Students gain hands-on experience through development of a media plan.

Prerequisites: Take MK 201.

Offered: As needed

MK 320. Marketing Research. 3 Credits.
Students learn to understand and satisfy marketing managers’ information needs: demand potential, competition, regulations and accepted procedures in relevant business/geographic areas. The course covers research design, quantitative and qualitative data collection, data analysis and implications of results. Written/oral reports are expected. This methodological course assumes a basic understanding of marketing in a global environment.

Prerequisites: Take MK 201 and one course from: MA 170, MA 206, MA 275 EC 272 or PS 206.

Offered: Every year, Fall and Spring

MK 321. Marketing Analytics. 3 Credits.
This course covers the use of regression analysis, cluster analysis, and automated machine learning in the development and evaluation of marketing strategy. Students are introduced to the basic elements of data visualization, market basket analysis, natural language processing, social network analysis and digital marketing analytics. Emerging technologies are addressed. Students leave with an understanding of marketing applications of advanced analytical techniques.

Prerequisites: Take MK 320

Offered: Every year, Fall and Spring

MK 322. Advanced Research Methodologies and Analytical Techniques. 3 Credits.
This course addresses advanced research methodologies and analytical techniques used in marketing and user experience research. Topics include experimental design and advanced data-analysis techniques. Students develop practical skills in the analysis of survey and experimental data and gain hands-on experience with state-of-the-art technologies.

Prerequisites: Take MK 320;

Offered: As needed

MK 324. Business-To-Business Marketing. 3 Credits.
This course examines the development of marketing strategies of firms that market to other firms or organizations. Integrating characteristics that distinguish business markets from consumer markets throughout the semester, topics include unique aspects of selecting target markets and elements of the marketing mix. Cases, projects, articles and exercises stress the problems facing actual business marketing firms today.

Prerequisites: Take MK 201.

Offered: Every year, Spring
