

UNIVERSITY LAPTOP PROGRAM

Faculty design their courses with the expectation that students will have computer technology in the classroom when required. For that reason, all incoming undergraduate students must have a laptop that meets the university's academic requirements and technical standards. To facilitate this need, Quinnipiac offers a laptop program that is cost effective and exceptionally well supported both on and off campus. The recommended laptops are configured so that they meet the core needs of academic programs and are a key part of the campus computing infrastructure, designed to support new teaching and learning.
