

DEPARTMENT OF DIAGNOSTIC IMAGING

The Department of Diagnostic Imaging at Quinnipiac University provides a quality and comprehensive education, through didactic, laboratory and clinical experiences, that prepares students for careers in diagnostic imaging and introduces them to the subspecialty areas.

We offer two bachelor of science degrees:

- BS in Diagnostic Medical Sonography, which prepares students for careers as ultrasound technologists
- BS in Radiologic Sciences, which prepares students for careers as radiologic technologists

Students who complete the BS program in Radiologic Sciences have the option to apply for advanced studies here at Quinnipiac University. Advanced study options within the Diagnostic Imaging Department include the two-year MHS Radiologist Assistant Program (<http://catalog.qu.edu/graduate-studies/health-sciences/radiologist-assistant-mhs>) and the one-year MHS Advanced Medical Imaging and Leadership Program (<http://catalog.qu.edu/graduate-studies/health-sciences/advanced-medical-imaging-and-leadership-program>).

- Bachelor of Science in Diagnostic Medical Sonography (<http://catalog.qu.edu/health-sciences/diagnostic-imaging/diagnostic-medical-sonography-bs>)
- Bachelor of Science in Radiologic Sciences (<http://catalog.qu.edu/health-sciences/diagnostic-imaging/radiologic-sciences-bs>)
- Master of Health Science–Radiologist Assistant (<http://catalog.qu.edu/graduate-studies/health-sciences/radiologist-assistant-mhs>)
- Master of Health Science–Advanced Medical Imaging and Leadership (<http://catalog.qu.edu/graduate-studies/health-sciences/advanced-medical-imaging-and-leadership-program>)
