## Sustainability Initiatives

We, as members of the Quinnipiac Community, strongly believe it is our responsibility to work toward a more environmentally sustainable society. The university utilizes renewable electricity and single-stream recycling. Campus buildings feature energy-efficient heating and cooling units, energy-efficient lighting fixtures, Green Guard carpeting and windows with energy-efficient thermal glazing. Whenever possible, environmentally friendly paper and supplies are used. In fact, the initiative to move to an online catalog was approved in part because of the savings in paper for printed copies.

No section of this catalog may be copied or reproduced without the permission of the Office of Public Affairs, Quinnipiac University.

Admission requirements, fees, rules and regulations and academic programs are updated in official bulletins of the university.

Quinnipiac reserves the right to change any provisions of this catalog at any time and for any reason. This catalog is provided to students and applicants for their general guidance only. It does not constitute a contract, either express or implied.
